2. The Bidder shall submit, and Hanover Township ("Township") shall only accept, Bidder's proposal on the forms furnished by the Township. Failure to submit the following items, as a minimum, shall disqualify Bidder's Bid:

- Bid Bond;
- Certification Letter for obtaining the Performance and Payment Bonds;
- Illinois Department of Transportation's Certificate of Eligibility (Pre-Qualification);

3. Any explanation desired by a Bidder regarding the meaning or interpretation of any section, portion, term, etc., of these Instructions and Project Specifications shall be requested in writing and with sufficient time allowed for a reply to reach each Bidder before the Bid due date.

Any interpretation made by Engineer, SPACECO, Inc., will be in the form of an Addendum to these Instructions and Project Specifications and will be furnished to all prospective Bidders electronically. Addendum receipt by the Bidder shall be acknowledged in the space provide on the Bid Form or by letter received before the Bid due date. Oral explanations or instructions given before the award of the successful Bid shall not be binding.

4. It is **mandatory** that Bidders attend the Pre-Bid Meeting, onsite on Monday, June 22, 2015, at 9:00 A.M, in accordance with the Notice to Bidders. Bidders who wish to visit the site after the Pre-Bid Meeting may do so through appointment only by contracting the Project Manager, Thomas McCabe, Telephone 847-696-4060.
5. The Bid shall be executed properly and the Bidder shall indicate in figures, a unit price for each of the separate items called for in the Bid. Before submitting a Bid, the Bidder shall carefully examine all documents pertaining to the Project and visit the site to verify conditions under which work will be performed. Failure to do so will not relieve the successful Bidder from the responsibility of properly estimating the difficulty or cost of successfully performing the work.

Submission of a Bid will be considered presumptive evidence that the Bidder has visited the site and is conversant with the Project site, facilities, and difficulties, the requirements of these Instructions and Project Specifications, and of pertinent State or Local Codes, the current Labor and Material Markets, and has made due allowance in his/her Bid for all contingencies. Include in Bid all costs of labor, material, equipment, allowance, fees, permits, guarantees, applicable taxes, insurance, and contingencies, with overhead and profit necessary to complete the Project, or to complete portions of the work covered by these Instructions and Project Specifications on which Bid is made, including all trades, without further costs to the Township, and to obtain all permits, perform the specified testing, arrange for all inspections, and pay all associated fees and costs incurred.

No plea of ignorance of conditions that exists or of conditions or difficulties that may be encountered in the execution of the Project as a result of the failure to make necessary investigations will be accepted as an excuse for any failure or omission on the part of the Bidder to fulfill in every detail all of the requirements of these Instructions and Project Specifications, nor will be accepted as a basis for any claims whatsoever, for extra compensation.

The Bid shall show the product of the respective quantities and unit prices in the column provided for that purpose, and the gross sum shown in the place indicated in the proposal shall be the summation of said products.

6. Each Bid shall be accompanied by a Bid Bond, Certified Check, Cashier's Check, or Bank Draft, in an amount equal to ten percent (10%) of the Bid amount made payable to Hanover Township. All Bidders shall be pre-qualified with Illinois Department of Transportation ("IDOT") to perform road construction. All Bidders shall include their IDOT "Certificate of Eligibility" with their Bid Proposal and Minimum Qualification Documentation as described in the Special Provisions of the Bid Documents. Failure to furnish a Bid Bond or other guarantee in the proper form and amount by the Bid due date, may be cause for rejection of the Bid, in the absolute discretion of the Township.

The successful Bidder for the Project, upon being given a written "Notice to Proceed" (Contract Award), shall be required to submit the following: (a) A Labor & Material Payment Bond and Performance Bond or IDOT Contract Bond, each in the amount of one hundred ten percent (110%) of the accepted Bid Sum, naming Hanover Township, the State of Illinois, and IDOT, as primary co-obligees, in a form deemed acceptable to the Township, co-signed by a surety company authorized by the Illinois Department of Insurance to sell and issue sureties in the State of Illinois; or (b) an Irrevocable Letter of Credit in the amount of one hundred ten percent (110%) of the accepted Bid Sum, guarantying successful Bidder's obligations under the Bid and/or Contract Documents issued by a financial institution with at least \$40,000,000 in assets and a capital to asset ratio of not less than six percent (6%) in a form deemed acceptable to the Township, to guaranty the performance of successful Bidder's obligations under the Bid and/or Contract Documents and the payment of all labor and materials furnished for the Project,

including but not limited to, compliance with the Illinois Prevailing Wage Act. The successful Bidder shall also be required to furnish an IDOT Permit Bond as provided in the Bid and/or Contract Documents. The cost of said Bonds and/or Letter of Credit shall be included in the total bid amount set forth in the Bid Proposal. The Township, as well as the Engineer, SPACECO, Inc., shall be named additionally insured on all Insurance Certificates, in accordance with the INSURANCE section below.

Failure to comply with the conditions set forth in the Bid Documents or subsequent Contract may result in the termination of a successful Bid of subsequent Contract or may result default. In such event, the successful Bidder may be liable for any costs of performing the work which exceed the amount of his/her Bid, and the Bid guarantee shall be available toward offsetting such difference, if not previously returned to the successful Bidder. All differences after exhaustion of the Bid guarantee shall be charged to the successful Bidder.

All writing on all Bid Forms shall be in ink or typewritten, except the signature of the Bidder, which shall be written in ink.

7. The Township reserves the right to accept any proposal in its entirety or part thereof or reject any and all proposals in its entirety or part thereof and to waive minor irregularities and nonconformities in any proposal, if in the judgment of the Township, the best interests of the Township will be promoted thereby. Further, the Township reserves the right to postpone the date of presentation and opening of Bids and will give written notice of any such postponement to each interested party who previously submitted a Bid.
8. Award of a successful Bid will be made to the lowest responsible Bidder, as determined by the Township, whose Bid conforms to these Instructions and Project Specification and the provisions of the General Terms and Conditions, provided the Bid price is reasonable and it is in the best interest of the Township to accept it.

The Township may make such investigations as are deemed necessary to determine the ability of the Bidder to perform the Project, and the Bidder shall furnish all such information and data for this purpose as the Township may request. The Township reserves the right to reject any Bid if the evidence submitted by, or investigation of such Bidder, fails to satisfy the Township that such Bidder is properly qualified to carry out the obligations of the Bid Documents and subsequent Contracts and to complete the work contemplated therein.

If a Contract cannot be awarded promptly, the Township shall permit the three (3) lowest Bidders to substitute for the Bank Cashier's Check (or other form of Bid Bond) which the Bidder may have submitted with his/her Bids as Bid Guarantee, a Bid Bond executed by a corporate surety company satisfactory to the Township. Such substitutions shall not be made until a period of fourteen (14) days has elapsed after the date of opening Bids.

The Township may reject any or all Bids on any basis and without disclosure of a reason. The failure to make such a disclosure shall not result in accrual of any right, claim, or cause of action by any unsuccessful Bidder against the Township, its Administrator, Supervisor, members of the Board of Trustees, employees, volunteers, and agents. The Township reserves the right to waive or not waive any irregularities, informalities, or variances in a Bid, or to accept any bid considerate by the Township to be in the best interest of the Township.

The required insurance shall not be limited by any limitations expressed in the liability language herein or any limitation placed on the liability therein given as a matter of law. Bidder is aware of the risks associated with the Project and Bidder voluntarily assumes those risks in consideration of the Project herein. The Township shall not be liable for any damage occasioned by failure to keep the Project property in repair and shall not be liable for any damage caused to any part of the Project site, property, or premises. Bidder agrees to indemnify and hold harmless the Township from any damages and causes of action of any kind that might occur as a result from any and all use, supervision, or work associated with or related to the Bidder, its Bid, the subsequent Contract, or any fulfillment of the Project. Furthermore, the Township shall not be liable for any damages of any kind in the event the Township Project property becomes unusable to Bidder for whatever reason.

COOK COUNTY

The following list is considered as those days for which holiday rates of wages for work performed apply: New Years Day, Memorial Day,

Fourth of July, Labor Day, Thanksgiving Day, Christmas Day and Veterans Day in some classifications/counties. Generally, any of these holidays which fall on a Sunday is celebrated on the following Monday. This then makes work performed on that Monday payable at the appropriate overtime rate for holiday pay. Common practice in a given local may alter certain days of celebration. If in doubt, please check with IDOL.

TRUCK DRIVERS (WEST) - That part of the county West of Barrington Road.
