

General Information for Instructors, Presenters, and Performers

What is Hanover Township Senior Center?

Hanover Township Senior Center is a governmental organization of professionals and volunteers committed to enhancing and enriching the lives of older adults through engaging programs, exciting activities, wellness opportunities, current information, and access to resources.

The Programming Division at the Center schedules over 300 programs each term, offered at our two locations: the Hanover Township Senior Center in Bartlett and at the Izaak Walton Center and Reserve in Elgin.

Who is a participant in programs at Hanover Township Senior Center? Our members and participants are residents aged fifty-five older adults of Hanover Township. Hanover Township is thirty-three square miles and encompasses the Villages of Streamwood, Hoffman Estates, Cook County portions of Bartlett, Hanover Park, and Elgin. Residents outside of this area purchase an annual membership fee to attend courses. Our nationally accredited senior center is renowned for the high quality education, fitness, social and recreational, and other enrichment programs. Our participants are looking to learn new things and enjoy the company of friends at our comfortable facility.

Who can do a presentation, conduct a program, or give a performance?

We are always looking for new instructors who can provide high quality, engaging programs for our participants. The best instructors are those who have a love of their subject, a desire to share it and a basic competence in the subject they will be teaching or performing.

Anyone with skills or knowledge and a passion to share that with older adults is welcome to submit a proposal. All proposals, and the instructor's related credentials and experience, will be reviewed by the Program Manager.

Instructors, presenters, and performers are independent contractors, not employees of Hanover Township Senior Center. As such, they are responsible for developing their own course or program curriculum and material.

Schedules and Proposal Deadlines

Our programs are held Mondays through Fridays between 8:30 a.m. and 4 p.m., Tuesday and Thursday evening hours of 4 p.m. and 8 p.m. and Saturdays from 8:30 am and 12:30 p.m. Programs are usually one to two hours in length, most are 90 minutes in length, depending upon the format and content.

Hanover Township Senior Center has six sessions per year, each approximately 8 weeks in length. We schedule a full session at a time, and a session's schedule is finalized about 4 months prior to the start of that session. To be considered for a session, proposals must be received by the following deadlines.

November/December 2018	September 1, 2018

Writing Your Proposal

All proposal forms must be filled out completely, one per program. The course proposal includes:

- A title
- A description of what you will be teaching
- An instructor biography or list of qualifications.
- Scheduling preferences and availability

Titles A good course title can mean the difference between a course that zooms off the charts and one that doesn't live up to its potential. The purpose of the title is to attract the readers' interest to what you are offering. Here are a few techniques:

- Keep title simple, non-threatening, and positive
- Ask the reader a question.
- Long or complex titles tend to confuse and dull titles will not capture the reader's eye.
- Make the title personal. Use the word "you" in the title. This makes it personal and involves the reader.

Course Description Your course description should be enticing or interesting to create a desire for by the participant to register. The course description sets the participant's expectations of what you will deliver during your program. The description should be factually complete and accurate and should provide solid information about the course so people can decide whether it will serve their needs. Keep these points in mind when writing your description:

- Descriptions should run 40-80 words in length.
- Write in complete sentences.
- The narrative should be written in the second person ("you").
- Provide information of what the participant will learn and experience in the program

The first five words of a course description will often determine if the reader will go on or pass to another course description. Make them count! The opener should focus on either the course content or the learner — not the course or the instructor! Tried and true opening techniques include: the definition, the question, the outstanding or impressive fact, and the quotation. Following your opener, you can talk about what will be covered in the program and other content matter.
