2. Completion Date: The remaining Project Work must be completed on or before December 15, 2011. Time is of the essence of this Contract.

3. Contract Sum and Payment Terms.

A. The contract sum for the Project Work is \$335,186.04 (the "Contract Sum") (calculated as set forth on Exhibit One). The Contract Sum includes all costs attributable to the Project Work, Repair Work, Restoration Work and Warranty Work, including but not limited to, all materials, equipment, labor, permits, licenses, insurance, additional insured endorsements, testing, certifications, demonstrations, training, shop drawings, as built, removal and disposal of construction debris, payment of Prevailing Wages, Performance and Payment Bonds, Letter of Credit, fees, expenses, costs, profits and overhead required under the Contract Documents.

B. Contractor shall provide monthly invoices to the Township throughout the Project Work. It shall be a condition precedent to the Township's obligation to make a monthly progress payment that the Contractor shall have submitted to the Architect, not less than seven (7) days prior to the month in which the Contractor is applying for a payment, the following documentation, which shall hereinafter collectively be referred to as the "Contractor's Progress Payment Documents":

(i) An itemized Application of Payment for operations and Continuation Sheets using AIA G702 and G703 supported by such data to substantiate the Contractor's right to payment as the Township and/or the Architect may require, such as copies of requisitions from material suppliers, and reflecting a 10% retainage until after final acceptance has been made by the Township. Payments shall be further reduced by such additional amounts as Architect and/or the Township determines for non-conforming work and unsettled claims.

(ii) A general Contractor's Sworn Statement in form customarily used by Chicago Title and Trust Company.

(iii) Current Partial Waivers of Lien from the Contractor and from all subcontractors of every tier that furnished labor, materials and/or equipment in connection with the Project Work and from all material suppliers that supplied material in connection with the Project Work covering such period.

(iv) All of the Contractor's Progress Payment Documents shall be sworn to and notarized.

(v) Such additional documentation and/or information requested by the Township and/or Architect relative to said payment.

C. No payments shall be made by the Township for any materials, goods, supplies and/or equipment until said materials, goods, supplies and/or equipment have been incorporated into the Project Work and are otherwise in strict compliance with the Contract Documents, and further subject to the requirements of this Section 3.

D. Upon completion of the Project Work and any Repair Work and/or Restoration Work required hereunder, Contractor shall submit the following documentation to the Township:

(i) General Contractor's Sworn Statement in form customarily used by Chicago Title & Trust Company, and final lien waivers from: (a) Contractor; (b) all subcontractors of every tier that furnished labor and/or materials in connection with the Project Work; and (c) all suppliers that furnished materials and/or equipment in connection with the Project Work (collectively, "Final Payment Request Documentation").

(ii) Contractor shall perform all testing, retesting, demonstrations, training, and submit all reports, certifications and documentation required under the Contract Documents.

(iii) Contractor shall provide all final shop drawings, as built drawings, operating instructions, equipment schedules and all other submittals required under the Contract Documents.

(iv) Contractor shall assign all manufacturer's warranties to Owner as required herein.

(v) Following receipt of the Final Payment Request Documentation and all certifications, reports, guaranties, warranty assignments, shop drawings, as-built drawings and all documents and submittals required under the Contract Documents, and following the Township and Architect's determination that the Project Work has been completed in strict compliance with the Contract Documents and is free from defects, the Township shall tender payment to the Contractor of the balance of the Contract Sum, subject to the conditions herein.

E. It shall be a condition precedent to any payment required by the Township hereunder, that the Township and the Architect have determined that the Project Work being invoiced is free from any defects and has been completed in accordance with the terms and conditions herein. The Township shall deduct from the final payment hereunder, amounts as determined for incomplete Work, including but not limited to 110% of the value of the punch list work, and any required Restoration Work, and for any unsettled claims, and further subject to the conditions herein.

F. Payments shall be further contingent upon the consent of the surety issuing the Performance and Payment Bonds and/or other bond hereunder to said payment. Any amounts required to be withheld from said payment by the surety shall be withheld without any liability to the Township.

G. In the event the Contractor, Township and/or Architect is in receipt of any claim(s) for lien and/or other notice of any claim in connection with the Project, the amount claimed shall be held out from payment for a period of at least 120 days to determine whether said claimant files a lawsuit to foreclose or otherwise adjudicate its lien claim. In the event a lawsuit is in fact filed within the statutory period, the Township, in its sole discretion, may elect to (a) file an interpleader action and/or intervene in the lawsuit and deposit the amount in question with the Clerk of the Court or (b) continue to hold said disputed sum until the lawsuit has been fully adjudicated or settled, or (c) elect to pay said disputed sum to the Contractor after having first received such additional indemnification agreement(s) and surety bond(s) as are acceptable to the Township. In the event the lien claimant fails to file a lawsuit within the applicable statutory period, the Contractor shall either furnish a release or final waiver from said lien claimant or furnish the Township with an indemnification agreement and an additional mechanic's lien bond in form approved by the Township issued by a surety company acceptable to the Township.

H. It shall also be a condition precedent to any payment hereunder that Contractor must complete and submit certified payrolls to the Township covering all payouts in strict compliance with the Prevailing Wage Act (820 ILCS 130/01, et seq.) or the Davis Bacon Act (as applicable under paragraph 13 below) (the "Certified Payrolls"). The Township will not process or release any payments prior to receiving the Certified Payrolls relative to each applicable pay application.

I. Notwithstanding the foregoing, in no event shall the Township's acceptance of the Project Work, Contractor's Payment Request Documentation and/or any Certification and/or the Township's payments to Contractor be deemed a waiver, express or implied, of any warranties and/or guaranties required under the Contract Documents.

4. Material and Equipment Inspection and Responsibility. Materials and Equipment, the style, make or quality of which is specifically designated, shall be as specified. Should any substitution of material or item of equipment or apparatus be made, the Township's written approval must be obtained prior to installation which the Township may withhold in its sole and absolute discretion.

5. Non-Discrimination. Contractor shall not discriminate against any worker, employee or applicant for employment because of religion, race, sex, sexual orientation, color, national origin, marital status, ancestry, age, physical or mental disability unrelated to ability, or an unfavorable discharge from the military service, nor otherwise commit an unfair employment practice.

6. Compliance With Law. All goods, equipment, materials, and all labor furnished by Contractor and subcontractors of every tier shall comply with all applicable federal, state and local laws, regulations, rules, ordinances, statutes and codes relative thereto including, but not limited to, the Federal Occupational Safety and Health Act (OSHA), the Americans with Disabilities Act of 1990 as amended, Illinois and United States Department of Labor (IDOL and USDOL), the Human Rights Commission, the Illinois Department of Human Rights, EEOC, Environmental Laws (defined below), and the applicable Village of Bartlett Building Codes, with the most stringent standards governing (collectively, the "Laws"). To the fullest extent permitted by law, the Contractor shall indemnify, defend, and hold harmless the below defined Indemnified Parties from loss or damage, including but not limited to, attorney's fees, and other costs of defense by reason of actual or alleged violations of any Law(s) related to the Project Work, including but not limited to products liability claims. This obligation shall survive the expiration and/or termination of this Agreement.

7. Indemnification. To the fullest extent permitted by law, the Contractor shall indemnify, defend and hold harmless Hanover Township, Cook County, Corporate Design & Development Group, LLC, the Engineers, and their respective officials, officers, directors, employees, managers, volunteers, servants, agents, parent companies, affiliates, subsidiaries, successors and assigns (collectively, the

"Indemnified Parties"), against all injuries, deaths, damage to property, loss, damages, claims, suits, liens, lien rights, liabilities, judgments, costs and expenses, including but not limited to legal defense costs, attorney's fees, court costs, settlement judgments, prejudgment interest, post judgment interest, whether by direct suit or third parties which may in any way arise directly or indirectly from the Project Work, Repair Work, Restoration Work, and/or Warranty Work provided hereunder; and/or any acts and/or omissions of or on behalf of the Contractor, its employees, contractors, subcontractors of any tier, suppliers, and/or agents and/or any person and/or entity acting on behalf of any of them; except to the extent caused by the negligence of any of the Indemnified Parties. In which case, Contractor shall at its own expense, appear, defend and pay all charges of attorneys and costs and other expenses arising therefrom or incurred in connection therewith, and if any judgment shall be rendered against the Indemnified Parties or any of them, in any such action, Contractor agrees that any bond or insurance protection required herein, or otherwise provided by Contractor, shall in no way limit the responsibility to indemnify, keep and save harmless and defend the Indemnified Parties as herein provided. Contractor shall similarly protect, indemnify and hold and save harmless the Indemnified Parties against and from any and all claims, costs, causes, actions and expenses including but not limited to attorney's fees, incurred by reason of Contractor's breach of any of its obligations under, or Contractor's default of, any provision of the Agreement. This obligation shall survive the expiration and/or termination of the Agreement.

8. **Binding Obligation and Non-Assignability.** Contractor shall not assign the whole or any part of this Agreement without the written consent of the Township. All subcontractors shall be approved by the Township. Any such assignment by Contractor without the Township's written approval shall be null and void.

9. **Taxes.** The Township is a Tax Exempt Organization and is not subject to sales, consumer, use, and other similar taxes required by law. This exemption does not, however, apply to tools, machinery, equipment or other property leased by the Contractor, or to suppliers and materials which, even though they are consumed are not incorporated into the completed Project Work. The Contractor shall be responsible for and pay any and all applicable taxes, including sales and use taxes, on such leased tools, machinery, equipment or other property and upon such unincorporated supplies and materials. Notwithstanding the forgoing, it shall be Contractor's responsibility to determine and pay all applicable taxes attributable to the Project Work. All such taxes are included in the Contract Sum.

10. **Investigations by Contractor.** Contractor has made such investigations as it deems necessary to perform the Project Work, including but not limited to, Project Site inspection, and represents and warrants that the Specifications and depictions are adequate and the required result can be produced under the Specifications and requirements herein. No plea of ignorance of conditions that exist or of conditions or difficulties that may be encountered in the execution of the Project Work under this Agreement as a result of failure to make the necessary investigations will be accepted

as an excuse for any failure or omission on the part of Contractor to fulfill in every detail all of the requirements of this Agreement, or will be accepted as a basis for any claims whatsoever, for extra compensation.

11. Insurance. Contractor shall procure and maintain for the duration of the Project Work, Repair Work, Restoration Work, and Warranty Work, insurance of the types and in amounts of not less than the coverages listed below. The cost of such insurance is included in the Contract Sum.

A. Commercial General and Umbrella Liability Insurance.

Contractor shall maintain commercial general liability (CGL) insurance with a limit of not less than \$1,000,000 each occurrence. If such CGL contains a general aggregate limit, it shall be in an amount of not less than \$2,000,000, or it shall apply separately to this project/location.

Any endorsement or policy provision which limits contractual liabilities shall be deleted in its entirety.

Hanover Township, Cook County, Corporate Design & Development Group, LLC, W-T Civil Engineering, LLC, W-T Mechanical/Electrical Engineering, LLC, W-T Engineering, Inc., and each of their respective officers, officials, directors, employees, volunteers, managers, servants, agents, parent companies, subsidiaries, affiliates, successors and assigns (collectively, the "Additional Insured") shall be included as an insured under the CGL coverage, Business Auto Liability coverage, and any Commercial Umbrella Liability Coverage, using ISO additional insured endorsement CG 20 10 or substitute providing equivalent coverage.

These insurance coverages shall apply as primary insurance with respect to any other insurance or self-insurance afforded to the Additional Insured, and shall not require exhaustion of any other coverage or tender of any claim or action to any other insurer providing coverage to any of the Additional Insured. Any insurance or self insurance maintained by the Additional Insured shall be in excess of Contractor's insurance and shall not contribute with it. The coverage shall contain no special limitations on the scope of protection afforded to the Additional Insured, or any of them.

There shall be no endorsement or modification of the CGL limiting the scope of coverage for liability arising from explosion, collapse or underground property damage.

B. Continuing Completed Operations Liability Insurance.

Contractor shall maintain commercial general liability (CGL) coverage with a limit of not less than \$1,000,000 each occurrence for at least three years following substantial completion of the Project Work and acceptance of the Project Work by the Township.

Continuing CGL insurance shall be written on ISO occurrence form CG 00 01 10 93, or substitute form providing equivalent coverage, and shall, at minimum, cover liability arising from products-completed operations and liability assumed under an insured contract.

Continuing CGL insurance shall have a products-completed operations aggregate of at least two times its each occurrence limit.

Any continuing commercial umbrella coverage shall include liability coverage for damage to the insured's completed work equivalent to that provided under ISO form CG 00 01.

C. Business Auto Liability Insurance.

Contractor shall maintain business auto liability insurance with a limit of not less than \$1,000,000 each accident. Such insurance shall cover liability arising out of "Any Auto" including owned, hired and non-owned autos.

Business auto insurance shall be written on Insurance Services Office (ISO) form CA 00 01, CA 00 05, CA 00 12, CA 00 20, or a substitute form providing equivalent liability coverage. If necessary, the policy shall be endorsed to provide contractual liability coverage equivalent to that provided in the 1990 and later editions of CA 00 01.

D. Workers Compensation and Employees Liability Insurance.

Contractor shall maintain workers compensation as required by statute and employers liability insurance. The employers liability limits shall not be less than \$1,000,000 each accident for bodily injury by accident or \$1,000,000 each employee for bodily injury by disease.

If the Additional Insured have not been included as an insured under the Commercial General Liability, Business Auto Liability, and Excess Umbrella Liability Insurance coverages required in the Contract, the Contractor waives all rights against the Additional Insured, and each of them for recovery of damages arising out of or incident to the Project Work.

E. Excess Umbrella Liability Insurance Coverage.

Contractor shall maintain Excess Umbrella Liability Insurance coverage of not less than \$5,000,000 each occurrence and \$5,000,000 aggregate.

F. General Insurance Provisions.

i. Evidence of Insurance.

Prior to beginning work, Contractor shall furnish the Township with a certificate(s) of insurance and applicable policy endorsement(s), including but not limited to all additional insured endorsements required herein, executed by a duly authorized representative of each insurer, showing compliance with the insurance requirements set forth above.

All certificates shall provide for 30 days' written notice to the Township prior to the cancellation or material change of any insurance referred to therein. Written notice to the Township shall be by certified mail, return receipt requested.

Failure of the Township to demand such certificate, endorsement or other evidence of full compliance with these insurance requirements or failure of the Township to identify a deficiency from evidence that is provided shall not be construed as a waiver of Contractor's obligation to maintain such insurance.

The Township shall have the right, but not the obligation, of prohibiting Contractor or any subcontractor of any tier from entering the Project Site until such certificates or other evidence that insurance has been placed in complete compliance with these requirements is received and approved by the Township.

Failure to maintain the required insurance may result in termination of this Contract at the Township's option.

With respect to insurance maintained after final payment in compliance with a requirement above, an additional certificate(s) evidencing such coverage shall be promptly provided to the Township whenever requested.

Contractor shall provide certified copies of all insurance policies required above within 10 days of the Townships' written request for said copies.

ii. Acceptability of Insurers.

Insurance shall be provided by insurance companies licensed to do business in the State of Illinois with a policy holder rating of not less than A and a financial rating of not less than VII in the latest edition of Best Insurance Guide.

iii. Cross-Liability Coverage.

If Contractor's liability policies do not contain the standard ISO separation of insureds provision, or a substantially similar clause, they shall be endorsed to provide cross-liability coverage.

iv. Deductibles and Self-Insured Retentions.

Any deductibles or self-insured retentions must be declared to the Township. At the option of the Township, the Contractor may be asked to eliminate such deductibles or self-insured retentions as respects the Additional Insured, or any

of them, or required to procure a bond guaranteeing payment of losses and other related costs, including, but not limited to, investigations, claim administration and defense expenses.

v. Township Shall Not Waive Any Rights of Subrogation.

The Township shall not, in any manner, be deemed or intended to have waived any right of subrogation which either it, and/or its insurance carrier and/or risk pool provider, Township Officials of Illinois Risk Management Agency ("TOIRMA") and/or insurance company providing excess coverage on behalf of the Township or TOIRMA may have against the Contractor, for any property injury, death, or other damage caused by any Contractor, or any of their respective employees, agents, consultants, officers, directors, limited or general partners, and/or otherwise arising out of the Project Work.

vi. Failure to Comply With Insurance Reporting Provisions.

All insurance required of the Contractor shall provide that any failure to comply with reporting provisions of the policies shall not affect coverage provided to the Additional Insured, or any of them.

vii. All Insurance Obtained Shall Apply Separately to Each Insured.

All insurance required of the Contractor shall provide that the insurance shall apply separately to each insured against whom a claim is made or suit is brought, except with respect to the limits of the insurer's liability.

viii. Insurance Requirements Cannot be Waived by Township.

Under no circumstances shall the Township be deemed to have waived any of the insurance requirements of this Contract by any action or omission, including, but not limited to:

- a. allowing any work to commence by the Contractor before receipt of Certificates of Insurance;
- b. failing to review any Certificates of Insurance received;
- c. failing to advise the Contractor that any Certificate of Insurance fails to contain all the required insurance provisions, or is otherwise deficient in any manner; or
- d. issuing any payment without receipt of a sworn certification from the Contractor stating that all the required insurance is in force.

The Contractor agrees that the obligation to provide the insurance required by these documents is solely its responsibility and that this is a requirement which

cannot be waived by any conduct, action, inaction or omission by the Township and/or any of the other Additional Insured.

ix. Liability of Contractor is not Limited by Purchase Of Insurance.

Nothing herein contained in the insurance requirements of the Contract Documents is to be construed as limiting the liability of the Contractor, and/or their respective insurance carriers. The Township does not, in any way, represent that the coverages or limits of insurance specified is sufficient or adequate to protect the Additional Insured, or any of them, the Contractor, or any subcontractor's interest or liabilities, but are merely minimums. Any obligation of the Contractor to purchase insurance shall not, in any way, limit their obligations to the Additional Insured in the event that the Additional Insured, or any of them should suffer an injury or loss in excess of the amount recovered through insurance, or any loss or portion of the loss which is not covered by either the Subcontractor's and/or Contractor's insurance.

x. Notice of Personal Injury or Property Damage.

Contractor shall notify the Township, in writing, of any actual or possible claim for personal injury or property damage relating to the work, or of any occurrence which might give rise to such a claim, promptly upon obtaining first knowledge of same.

xi. Subcontractors.

Contractor shall cause each subcontractor employed by Contractor to purchase and maintain insurance of the types of coverages and in not less than the amounts of coverages specified above. When requested by the Owner, Contractor shall furnish copies of certificates of insurance, additional insured endorsement, or such other insurance documentation evidencing coverage for each subcontractor.

12. Performance Bond and Payment Bond. Prior to commencement of the Project Work, Contractor shall furnish the Township with (i) a performance bond and payment bond each in the amount of 110% of the Contract Sum (i.e., \$368,704.64) in form otherwise acceptable to the Township, co-signed by a surety authorized by the Illinois Department of Insurance to sell and issue sureties in the State of Illinois naming the Hanover Township, as primary obligee (the "Payment and Performance Bonds"), or (ii) an irrevocable letter of credit in the amount of 110% of the Contract Sum (i.e., \$368,704.64) issued by a financial institution with at least \$40,000,000 in assets and a capital to asset ratio of not less than 6% in form acceptable to the Township (the "Letter of Credit"); to guaranty the performance of the Contractor's obligations herein and the payment of all labor and materials furnished for the Project Work, Warranty Work, Repair Work and/or Restoration Work including but not limited to the payment of the below defined Prevailing Wages. The cost of said Bond or Letter of Credit, as the case may be, is included in the Contract Sum set forth in paragraph 3.

13. Davis Bacon Act, Illinois Prevailing Wage Act, and Contract Work Hours and Safety Standards Act

A. All laborers and mechanics employed by Contractor and by any subcontractor(s) on Project Work, Repair Work, Restoration Work and Warranty Work shall be paid wages at rates not less than 1) those prevailing on similar construction in the locality as determined by the Secretary of Labor in accordance with the Davis-Bacon Act, (40 U.S.C. Sections 276-276a-5), as amended, and shall receive overtime compensation in accordance with and subject to the provisions of the Contract Work Hours and Safety Standards Act (40 U.S.C. Sections 327 et seq.), as amended, and 2) those required under the Illinois Prevailing Wage Act (820 ILCS 130/01 et seq.), which ever wages and requirements are greater and more stringent (hereinafter, "Prevailing Wages"). Contractor and all subcontractor(s) shall comply with all regulations issued pursuant to these Acts and other applicable federal, state, and local laws and regulations pertaining to labor standards with the most stringent laws and regulations controlling. The Secretary of Labor has, with respect to the labor standards specified in this Section, the authority and functions set forth in Reorganization Plan Number 14 of 1950 (5 U.S.C. Section 133z-15) and Section 2 of the Act of June 13, 1934, as amended, (40 U.S.C. Section 276c).

B. The Contractor shall notify immediately in writing all of its subcontractors, of all changes in the schedule of Prevailing Wages. A copy of the Davis Bacon wage rates for Cook County, Illinois, last revised October 14, 2011, is attached hereto as Exhibit Two and is incorporated herein. Notwithstanding the forgoing, it remains solely the Contractor's obligation to keep track of any changes in Prevailing Wages (as defined above), and to notify all subcontractors regarding same and to strictly comply with the requirements herein. Contractor shall include in each of its subcontracts a written stipulation that not less than the Prevailing Wages shall be paid to all laborers, workers, and mechanics performing work under the Contract and shall require each of its sub-subcontractors of every tier to include said stipulation regarding payment of Prevailing Wages. Any increase in costs to the Contractor due to changes in the Prevailing Wages or labor law during the term of any contract and/or sub-contract of any tier shall be at the expense of the Contractor and not at the expense of the Township. Any change orders shall be computed using the Prevailing Wages applicable at the time the change order work is scheduled to be performed. The Contractor shall be solely responsible to maintain accurate records as required by applicable federal and state law (with the most stringent requirements controlling), and shall be solely liable for paying the difference between Prevailing Wages and any wages actually received by laborers, workmen and/or mechanics engaged in the work and for ensuring strict compliance with the requirements of the above mentioned Acts, including but not limited to providing certified payrolls to the Township in accordance with said applicable law (i.e., the most stringent requirements). Contractor shall similarly comply with all records and wage requirements imposed under the CDBG Agreements.

14. Warranty.

A. Contractor shall assign all manufacturer's warranties for the Project Work to the Township. Notwithstanding such assignments, Contractor expressly warrants to the Township that all materials, supplies and all labor furnished on or for the Project Work will be free from defects, and Contractor shall repair and/or replace such defective supplies, materials and/or Project Work, at no cost to the Township for a period of one (1) year commencing upon the completion of the Project Work and acceptance of same by the Township. This warranty is in addition to, and not in lieu of the warranties set forth in the Project Manual and/or Drawings. Work performed under this warranty and/or those set forth in the Project Manual and/or Drawings is hereinafter referred to as "Warranty Work". All Warranty Work shall be completed within fourteen (14) days of Contractor's receipt of notice from the Township demanding the Warranty Work, weather permitting (the "Warranty Completion Date").

B. If the Drawings and/or Specifications provide for methods of construction, installation, materials, etc., which the Contractor cannot warranty for the indicated period, it shall be the responsibility of the Contractor to so inform the Owner in writing before submitting its bid. Otherwise, the Contractor shall be held responsible to provide the method of construction, installation, materials, etc., which will be guaranteed for the indicated period of time.

15. Default. In the event of default hereunder, the non-defaulting party shall be entitled to all remedies available at law and/or equity, including reasonable attorney's fees, subject to the limitations set forth in paragraph 18. In the event of default or breach hereunder by Contractor, including but not limited to any failure to complete the Project Work on or before the respective completion dates herein, the Township's damages, shall include but not be limited to any loss of grant funds.

If any such labor organization or representative fails or refuses to cooperate with the Contractor in its efforts to comply with such Acts and Rules and Regulations, the Contractor will promptly so notify the Department and the contracting agency and will recruit employees from other sources when necessary to fulfill its obligations thereunder.

(5) That it will submit reports as required by the Department's Rules and Regulations, furnish all relevant information as may from time to time be requested by the Department or the contracting agency, and in all respects comply with the Illinois Human Rights Act and the Department's Rules and Regulations.

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (ii)).

In the listing above, the "SU" designation means that rates listed under the identifier do not reflect collectively bargained wage and fringe benefit rates. Other designations indicate unions whose rates have been determined to be prevailing.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- * an existing published wage determination
- * a survey underlying a wage determination
- * a Wage and Hour Division letter setting forth a position on a wage determination matter
- * a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations
Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.
